Dear Mom and Dad,

It doesn’t seem possible that my Roman experience is over! How could the time go so fast? Thank goodness for these pictures, to always remember this wonderful time.

It was because of you, Mom and Dad, that this great adventure was possible. And so I dedicate this yearbook, very lovingly:

TO MY PARENTS
Dear Students,

As you complete your time at LURC, perhaps these lyrics might conjure up some relevant reflections:

"Each evening from December to December,
before you drift to sleep upon your cot,
think back on all the tales that you remember –
of Camelot.

Ask every person if he's heard the story,
and tell it strong and clear if he has not,
that once there was a fleeting whisp of glory –
called Camelot.

Where once it never rained 'til after sundown,
by 8:00 A.M. the morning fog had flown.
Don't let it be forgot that once there was a spot
for one brief shining moment that was known –
as Camelot”.

Though I’m not sure King Arthur would think so highly of Roman winter weather, I have a feeling he might have sung roughly the same had he been able to spend a semester or a year on Monte Mario!

It has been my privilege these past eight months to share with you as you have lived what I hope might have been the Camelot of your lives – a rare time when you have lived, studied, and traveled together, sandwiching all of this between occasional visits to Vincenzo's and Mario's. While trying not to worship too long at the high altar of almighty Eurail Pass, you have attempted to balance study with travel, not to mention your checking account! That is what I meant at orientation when I said: "Work hard and play hard, but just remember when you should be doing which!" If, during your time here, you began to come to grips with the delicate balancing of these priorities, then your experience abroad should have been a valuable one no matter how many Florentine sweaters or high-heeled shoes you purchased!

As you leave the Rome Center and return to your families and familiar surroundings, think back on all the tales that you remember – of LURC. But, unlike the Arthurian legend, do not live in the past too long. Look not upon your time here as a "once-in-a-lifetime" thrill but rather as a beginning of your initiation into the world community. You will return! I will bet on that! And, when you do, remember where it all began – here in Rome; a home that will always welcome you with open arms. Arrivederci e, in futuro, benvenuto!

LURC'S UNWRITTEN LAW (Lk. 12:2-4):

There is nothing concealed that will not be revealed, nothing hidden that will not be made known. Everything you have said in the dark will be heard in the day light; what you have whispered in locked rooms will be proclaimed from the rooftops.
Mom and Dad,

the Eternal City is filled with history, art, mystery and perhaps even the rustling of ghosts from days gone by. Through various on-site classes and our own wandering, we enjoyed the Colosseum, Forum, St. Peter's, the piazzas and much more! VIVA ROMA!

Love At First Bite
One of the most important members of our community is Father Murel Vogel, S.J. Although retired, Father Vogel gives much of his time to give us enlightening tours of Rome. We were so happy to be able to celebrate his 20th (leap year baby!) birthday with a surprise party as a thank you to our special friend.

Of course, the dress of the ancient Romans was the toga, Mom and Dad. Actually, at that time only the men were allowed to wear them, but did that stop the women of LURC? Noooo. We present the festival of Bacchus:

MEDIC!
I bet you never knew you had such an artistic child! But maybe being near the works of Michelangelo, Raphael, Bernini, inspired us to produce "great" works. We also had an art exhibit for the entire school. I wish, Mom and Dad, that you could have been at my artistic debut.
There is a tradition, Mom and Dad, that every year multitudes from everywhere party and say “Prost” together in Munich. The Oktoberfest celebration is repeated in cities and towns all over Germany (and the U.S.) but nowhere is it as special as its birthplace. A large contingent of us went this year to see: the Glockenspiel, Deutsches Museum, Dachau, the Olympic Stadium – and, of course! to leave our mark at the Hofbrauhaus!

The school trip over our fall break was to Greece.
Mom and Dad, we thought Rome was old!!! But there we
found true beginnings of our civilization. We loved
Greece... its beaches, its ruins, its islands and cities. By
visiting los, Mykonos, Crete, Delphi, Athens, we
appreciated its beauty and history all the more.

Testing our imaginations, we celebrated Halloween in our rec room. Mom and Dad, you would have been proud! Without the usual costume shops and masks, that we have in the U.S., we became: Eurail passes, Tartuffa, Roman columns, Amstel cans, Italian women and a variety of other characters. Probably, the most creative Halloween we have ever had!

The Violent Fems

There's no place like home for the holidays... but when in Roma, we do the best we can.

We missed you and all of our family, but we made up for it with a football game at Villa Borghese, a lovely Thanksgiving Mass and a delicious TURKEY dinner - yes! Turkey and dressing in Italy.

Dining in Cervinia

Good joke – where’s the snow?

Bottoms Up!
Many students studying all over Europe go skiing in Cervinia over the Thanksgiving holidays. There, we fixed Thanksgiving dinner, skied the Alps; even built an igloo... and wondered what you were doing at home.
TRAVEL IN ITALY
Take my picture, please!

Naturally, one of the highlight and all consuming activities of the year was travel. We were lucky enough to live in the diversified, beatiful, art-filled country of Italy. So we will never forget: Venice, city on water; Assisi, home of St. Francis; Ischia and Capri, island wonders; Sicily, the tip of the boot; Florence, the Birthplace of civilization; and the coast, and the Alps, and etc., etc!

Each Wednesday, the Pope holds an audience for his "fans", which we irreverently dubbed "the Pope Show". It was a time of reflection, as a great spiritual leader spoke to us; and one of excitement as he shook our hands and even embraced us. It was definitely most memorable to see John Paul II, a popular, peace loving leader of our times.
