My Dear Students,

Even though I don't know you, you are all in my heart. I pray for you constantly that the Good Lord will guide you in this experience you are having at the JFRC. Do your very best to see and study the treasures that surround you. Don't waste your time and money on the insignificant. You will be richer in mind and spirit when you return home and you will be able to share your experiences with your family, friends, and others you meet in life. I wish that I am with you, but my failing health does not allow me to come. Please say a prayer for me and remember you are all in my heart and prayers.

Sincerely yours,

John Felice
