Dear J.J.
Catch you after break
thanks!
"...You gave an important part to play in deciding the future of your country and of the world. The challenges you will face will be serious ones. Christ you will find the inspiration and the strength to meet those challenges with courage and truth.
With awareness of the true greatness of your humanity and with respect for the individual human dignity of all others. I ask Him to bless you, both now and in the future."

"A year has passed. I have lived in Rome... a city of history where a common folk made a republic, where individuals made an empire, where the holy walked, where passions burned.
Did I grow by the people I met - those relationships sweet and sour, short or lasting. Cannot the lessons learned be re-applied again to give our lives flavor? Past or present - where do my memories lie?"

"There are places I remember all my life though some have changed some forever not for better some are gone though some remain."

To serve is the greatest honor.
All these places have their moment
with lovers and friends
I still can recall

Some are dead and some are living
in my life
I've loved you more."
“That of all these friends and lovers
There is no one compared to you
And these memories lose their meaning
When I think of love
It’s something new.”

To the above mentioned, we wish to express our deepest regrets and apologies for not having either the materials or resources available to obtain some sort of photographic representation in time to meet layout and printer's deadlines. Due to circumstances beyond our control, many pictures were lost, or destroyed. AGAIN, we are sorry for any and all misunderstandings. STAFF
